SCRS GLOBAL IMPACT PARTNER

2022 COLLABORATE FORWARD

COLLABORATE FORWARD PROFILE SET-UP GUIDE

Step 1: Receive sign in link directly from Jujama once you are registered for Collaborate Forward

Step 2: Login to Jujama platform

Step 3: Upload your own files, logos, images & more using the specs below

- **Description:** Each GIP can provide a detailed description along with their location, social media links, and website.
- **Website Link:** Each GIP can provide a website link which will be available as a "Visit Website" button on their profile
- **Logo:** Preferred size is **400 x 130 pixels.** (If larger logos are provided, they will scale proportionately in the platform to the allotted space.)
- **Advertisement Image (optional):** Image should be provided as **1112 x 789 pixels.** On the list view, this image will scale down, but on the profile page it will display full size. If GIP chooses not to upload an advertisement image, a placeholder image will be populated (middle picture below). **Advertisement image should be sent to support@jujama.com to be uploaded.**
- **Uploads (optional):** GIPs have the ability to upload documents, videos, and photos to their company profile from the My Account tab. Jujama supports all document types up to 2MB and Youtube and Vimeo videos.
